**What Our Students say:**

“Most definitely this course met my expectations—What a year—it was all I expected and so much more. I expected to learn all the skills of the therapies, what I didn’t expect was the Massive personal development I have gone through and survived. Especially learning to be the true me.” Thank you

“Although I was not altogether sure of what to expect from the course at the outset, it has been without question better than any expectation that I could have had—It was such a “life learning” on so many levels and it will impact all of my life”

“My expectations did not even come near what this year has given me. Self-belief, a future, good friends—who would expect these things from a 10 month course. Probably for the first time in my life, I am truly confident in myself. This course gave me courage, confidence, recognition of what and who I am, skills—multiple, and an organisation that I am proud to be part of”

**TIMETABLE 2017-18**  
Starts 4th Oct-May
Wed, Thur & Fri 9.30—5pm

**Holidays:**
Mid-term 1st-3rd Nov
Christmas 15th Dec-8th Jan
Mid-term 14th –16th Feb
Easter 23rd Mar –9th April
